Testimonial for Zaim for Internship at First World Tech Pte Ltd Jan – Jun 2024

Zaim has truly impressed us during his six-month attachment as a full-stack developer intern. His programming skills stand out, and he consistently tackles complex problems with critical and creative thinking. From translating customer needs into innovative ideas and prototypes, to developing intuitive front-end interfaces and ensuring smooth server-server interactions, Zaim has shown exceptional talent in every aspect of development. His proficiency in PHP, JavaScript, and database management has been invaluable, and his commitment to usability testing has improved our projects significantly. Over these six months, Zaim has grown tremendously in taking up responsibility and has grown to be a strong programmer. Zaim's dedication and technical skills that make him a standout talent in our team.

On behalf of the company, we would like to appreciate his contribution during this short stint wishing him all the best for his future undertakings.

Chris Lok
